FOR IMMEDIATE RELEASE

ITeMAX, a KPC Group Affiliate, Teams Up With Dowco Consultants, Ltd of Canada to Provide a True 24/7 Structural Steel Solution to the Worldwide Steel Construction Market

RIVERSIDE, California (June 08, 2006) – ITeMAX, Inc., a KPC Group affiliate, today announced it has completed the incorporation of the Indian subsidiary of its joint venture company, DowcoMAX Services Inc.

In April 2005, ITeMAX entered into a Joint Venture with Dowco Consultants Ltd. of Vancouver, Canada a leading automated structural steel detailing company, to establish DowcoMAX Services Inc. with the objective of providing offshore based steel drafting and detailing services.

The Indian subsidiary located in Kolkata, called DowcoMAX Services (India) Private Limited is owned 100% by DowcoMAX Services Inc. DowcoMAX (India) has set up a state-of-the-art IT-enabled services facility to serve the international steel detailing services marketplace.

“DowcoMAX (India) is the first step towards ITeMAX’s stated objective of developing an integrated knowledge based services infrastructure in the areas of Engineering and Healthcare services,” said Dr. Kali P. Chaudhuri, Chairman of ITeMAX, Inc. and the Founder & Chairman of The KPC Group of companies. Continuing on ITeMAX’s service offerings, Dr. Chaudhuri said, “ITeMAX will soon announce plans to enhance its portfolio of IT-enabled services by adding specialized services for the healthcare industry worldwide.”

Initially equipped with 32 workstations (fully licensed with Tekla Structures Detailing Software), and the ability to expand to 100 workstations by Fall of 2006, DowcoMAX India will continue to support and enhance Dowco Consultant’s current detailing production units in Canada.

“By establishing DowcoMAX (India), we can now achieve true "24/7" operation and will be able to meet the most demanding of schedules. Additionally, our service offerings will expand dramatically as we penetrate the global steel construction market,” said Ewen Dobbie, Vice President of Dowco Consultants Ltd.

The Joint Venture anticipates serving the Global Structural Steel Construction market with an innovative “Drafting/Detailing Solution.” It will aggressively undertake sales/marketing activities worldwide to promote Dowco Consultant’s proprietary methodology and enhance the scope of its products and services to include the entire process of structural engineering. It further anticipates establishing a branded technical institute for specialized software training and a “Center of Excellence” for specialized

software support as part of its operation in India.
